

ReadyPack Hydraulic Power Units

CFI has years of experience in building a specialized HPUs for diverse customers, applications, industries, and environments, and we are bringing this experience to our ReadyPack HPU line. We build the ReadyPack to the same rigorous standards as all of our custom builds. These HPUs are built with a wide range of industrial and commercial applications and include a number of options and features to get the job done.

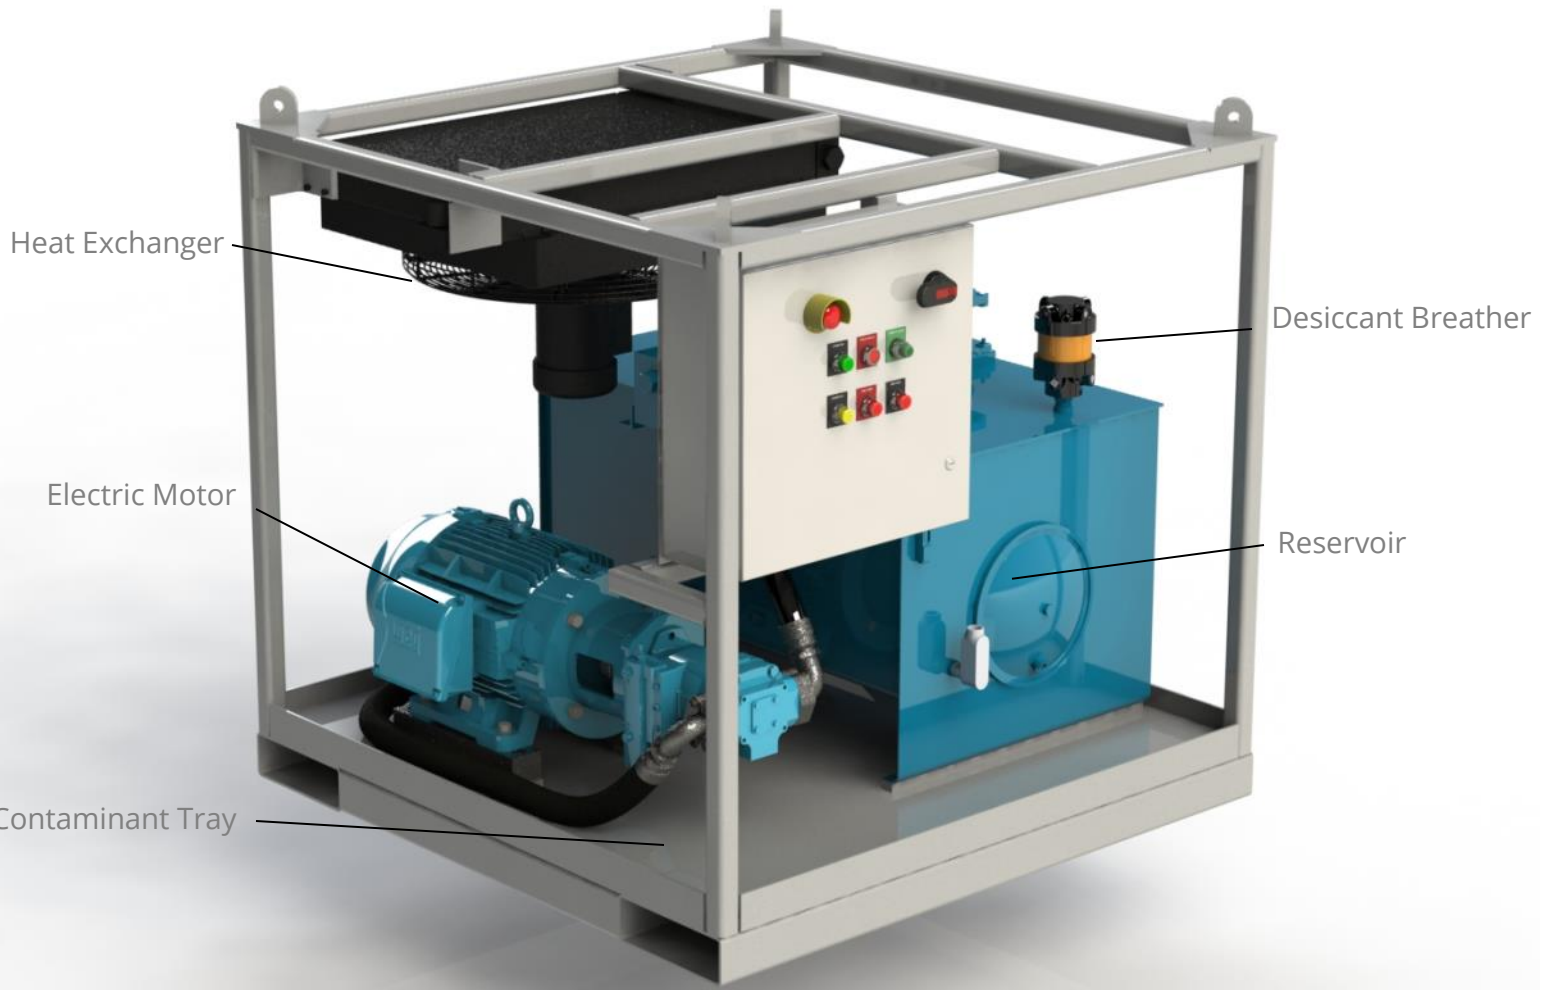

System Capabilities

- Flow rates from 5 GPM to 50 GPM
- Pressures up to 3000 PSI
- Electric motors from 10HP to 100 HP in 480V
- Reservoirs from 20G to 200G
- Fixed and variable pump options
- Return line and pressure filter options
- Heat exchangers, coolers, and heaters available

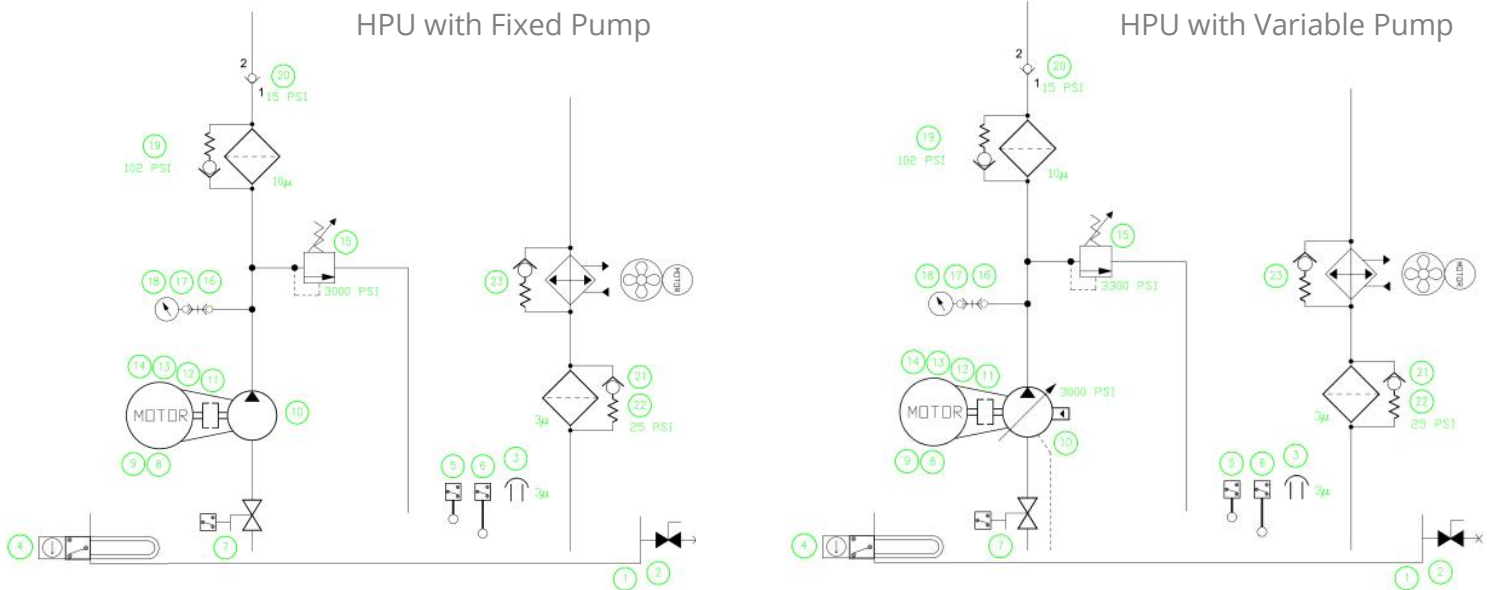

Applications

- Industrial Presses and Processes
- Rollforming Equipment
- Material Lifts
- Factory Automation and Controls
- Material Handling Equipment
- Hydraulic Door Systems
- Positioning Equipment

On Demand Hydraulic Power

Fixed and Variable Pump Options
